SPECIAL REPORT!!

How to Start Your Own Freight Agent Business for \$1000 or Less

With No Experience Required!!

Why the Freight Brokerage Business?

- ▶ No previous industry experience required
- ▶ Work from home (or anywhere else)
- ▶ Low start-up cost
- ▶ High demand (there are thousands of shipments each day)
- ▶ Unlimited earning potential
- ▶ No working nights, weekends or holidays

No Experience Required

- ▶ Training provided thru www.FreightBrokersAcademy.com
- ▶ We teach you everything you need to know

Work from Anywhere

- ▶ Work from home
- ▶ Work from an office
- ▶ Work from your truck (if you are currently a truck driver)
- ▶ Work from ANYWHERE you want as long as you have a phone and an internet connection

Low Start-Up Cost

- ▶ Most people already have a phone, computer and internet service - the primary tools you need to operate a Freight Agent business.
- ▶ Primary start-up cost is your training and certification so you are able to get placed with a licensed and bonded freight brokerage firm.
- ▶ Some training programs can cost thousands of dollars but <https://freightbrokersacademy.com/> offers a basic freight agent training program for just \$495 (with a payment plan available if needed).
- ▶ Since you don't need to rent an office, buy office furniture and equipment, hire employees and other expenses many other new business owners must do, you can literally start your business for \$1,000 or less (including your training).

High Demand for Your Services

- ▶ There are thousands of truckloads of freight that need to move cross town or cross country every day.
- ▶ Without Freight Brokers and Freight Agents, these shipments don't get where they need to be when they need to be there.
- ▶ This business is recession proof. Freight needs to move whether the economy is good or bad.
- ▶ In 2013, the bonding requirement for Freight Brokers was increased from \$10,000 to \$75,000. This has severely limited expansion of new freight brokerage companies and driven many of the smaller firms out of the business. Conversely, the demand for Freight Agents has increased dramatically to fill the void. Demand for good freight agents is higher than ever.

Unlimited Earning Potential

- ▶ No limits on how much you can earn
- ▶ It's not uncommon for a good freight agent to earn \$100,000+ per year
- ▶ Set your goals, be dedicated, work consistently and the sky's the limit

No Working Nights, Weekends or Holidays

- ▶ You'll rarely find a freight broker or agent working past 5:00PM on weekdays.
- ▶ Since the shipping company contacts that Freight Agents interact with don't work on the weekends or holidays, there's no sense in YOU working during those times either.
- ▶ Although trucks are moving all hours of the day and night delivering freight across the country, the people who schedule these loads basically work Monday thru Friday, 8am - 5pm.
